

ACLAND PARK TREE LOCATION GUIDELINES

Conditions of moving the tree are;

The Applicant (lot owner or builder) will bear all costs of relocation of the tree itself and associated irrigation payable directly to Nor West. Indicative pricing is \$700 + GST per tree, however this cost will be assessed on a case by case basis and confirmed prior to tree shift.

- Tree must be relocated as per approved plan from landscape architect
- All tree relocations must be within the planting season (1 April-30 September)
- The Applicant (lot owner or builder) will be liable for replacement costs if the tree and any associated planting does not survive transplantation for a period of 24 months following the shift.
- Tree must be relocated by the nominated contractor - Natural Habitats and ground works completed by Nor West Contracting

Overview

Permission must be sought from Landscape Architects (DCM Urban) to move any street trees. This ensures we continue to preserve the design intention that Acland Park was built on.

Applications

Applications must include a scale site plan showing dwelling and driveway location on the lot.

Approved applications will then be provided with a cost and date the works can be completed by Nor West contracting.
